JOBERT ADRINO

COMPUTER SCIENCE STUDENT | OJT APPLICANT

Philippines • 09773372339 • jobert.andrino@gmail.com

PROFILE

Motivated Computer Science student seeking an On-the-Job Training (OJT) opportunity to apply practical skills in software development, web/mobile development, and digital content production. Hands-on experience includes Flutter/Dart, Laravel/PHP, web technologies, and game/content production. Adaptable, detail-oriented, and eager to learn from a professional development team.

WORK EXPERIENCE

Game and Content Specialist — Hyperbondstudio

07-2026 – 09-2026

- Support game and digital-content production by preparing, reviewing, and refining visual and animated assets.
- Experiment with Spine 2D workflows for character setup, sprites, rigging preparation, and animation-related content.
- Create and evaluate AI-assisted image and video assets while maintaining visual consistency and quality.
- Review generated outputs, identify visual or motion issues, and regenerate or refine assets when needed.
- Collaborate with team members to follow content guidelines and deliver production-ready assets.
- Video Editing using Capcut

Production Worker — International Wiring System

2018 – 08-2025

- Operated machinery and assembled products while following safety and quality procedures.
- Maintained accuracy and consistency in production tasks and supported workflow efficiency.
- Collaborated with team members to meet daily production requirements.

Computer Technician Intern — Computer Technician Intern

2016 – 12-2016

- Assisted with basic computer troubleshooting, hardware checks, and workstation setup.
- Provided basic technical support and helped maintain computer equipment.
- Assisted users with common software and computer-related concerns.

EDUCATION

Bachelor of Science in Computer Science

AMA Computer College Tarlac City • Current / OJT Required
